Win a place at Coding Camp!**Do you love Science and Technology? I need you!**

Every year there is a technology competition for young people aged 11–16. Teams have to design an original quiz app. The prize is always excellent, for example

smart speakers. This year, the prize is a place at a coding summer camp. It lasts one week, you learn about coding and make a robot. There can be two to four people on each team. Message me and we can chat.

My life in the real world and online

by Matt Thompson

1 Like most teenagers, I love going online and chatting to friends, **but** I also have my real life. On a normal day I go to school and I often meet my friends in the afternoon. We like going to the cinema or a café. At the moment, we're studying a lot **because** we have exams soon. Revising for exams is a bit boring. In the evenings, I finish my homework and then I update my story on social media.

2 At the weekend, I always have free time, **so** I visit my favourite virtual world. You make an avatar **as well as** choose a place to live. You can do anything! At the moment, I'm a chef in a restaurant in Italy. It's fun. It can be stressful **too**. Sometimes the customers are unhappy, just like in real life!

3 **Although** I enjoy my online world, I know it's not real. The time I spend in the real world with my friends is more important. **However**, my virtual world helps me relax when life is complicated. So I always look forward to spending time there **as well**.

- 2 Read the article again. Mark the sentences T (true) or F (false).
- 1 Matt and his friends enjoy spending time together.

- 3 Matt wants to be a chef in the future.
- 4 Matt's virtual world is more important to him than the real world.

- 3 Choose the correct option.
- 1 My virtual world isn't very big. *Although / However*, I enjoy spending time in it.
- 2 I meet lots of interesting people, *so / because* I never get bored.
